## Commissioner for Patents

The Reply filed on May 11, 2011 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): On April 14, 2011 the following was communicated to Applicant on page 3 of the Election of Species Requirement:

In order for this election to be considered fully responsive to this requirement, the election must include:

- a) the name and structure of the elected species, including a depiction of the chemical linkage of an anti-inflammatory and a MAO inhibitor (presently limited to deprenyl or propargylamine) AND a depiction of the structure contemplated by the elected specie in instant formula 1 of claim 20;
- b) the location of the species within the claims or within the specification; and
- c) the claims that read on the elected species.

Further, in the Interview Summary form mailed to Applicant on April 25, 2011, clarification of a compound of the formula of instant claim 20 was again requested.

See 37 CFR 1.111. Since the above-mentioned Reply appears to be bona fide, Applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
